HDL Automation

ENVIRO PANEL

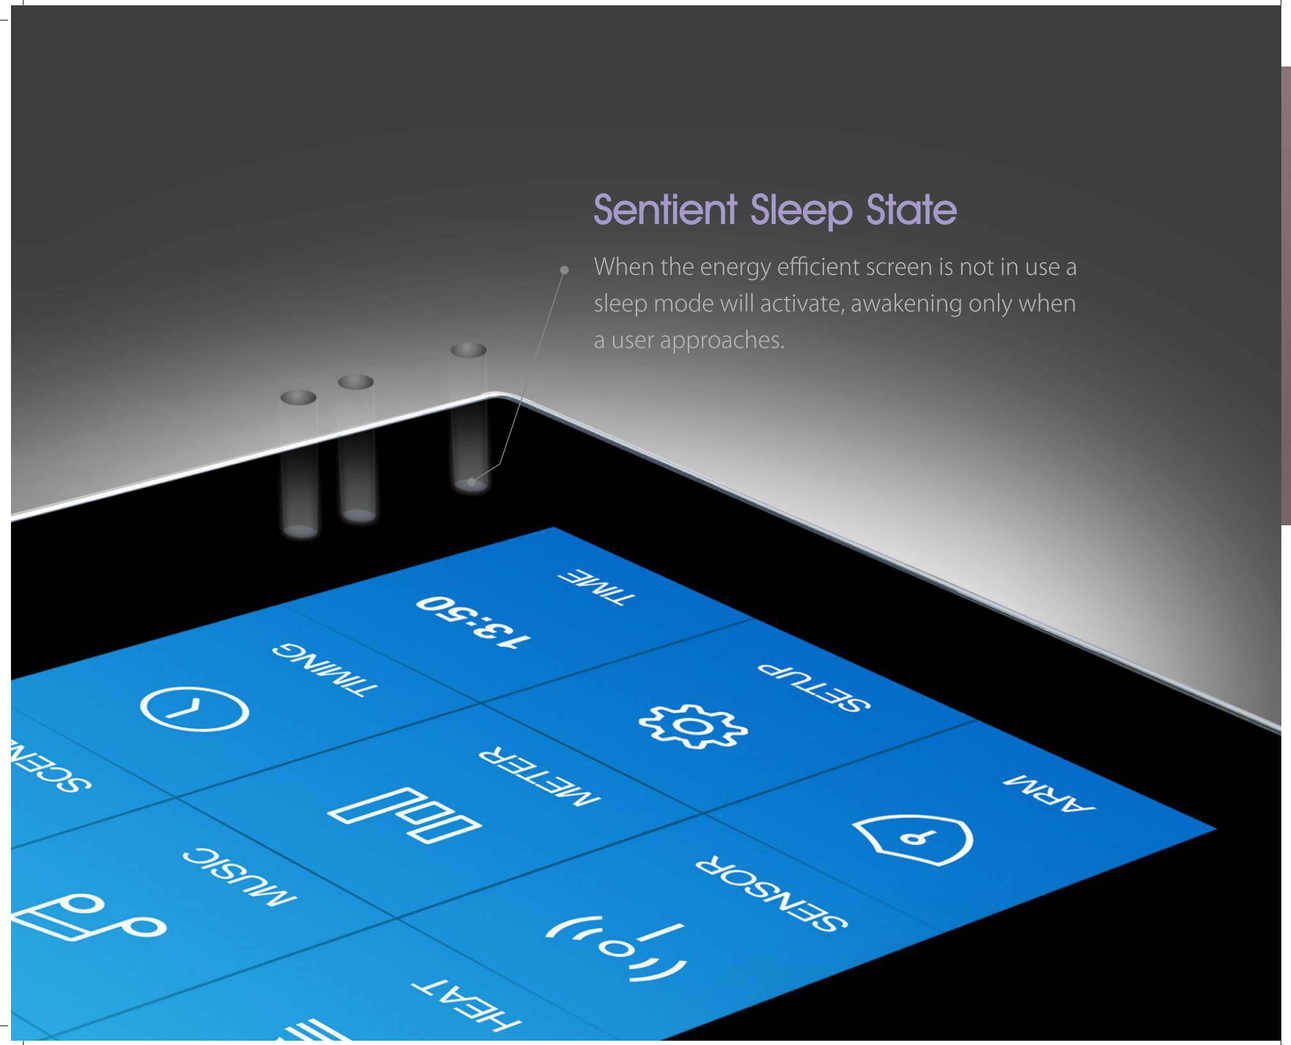
MPTLC43.46

HDL®

Smooth outlines and a luxurious display, create the perfect blend of form and functionality.

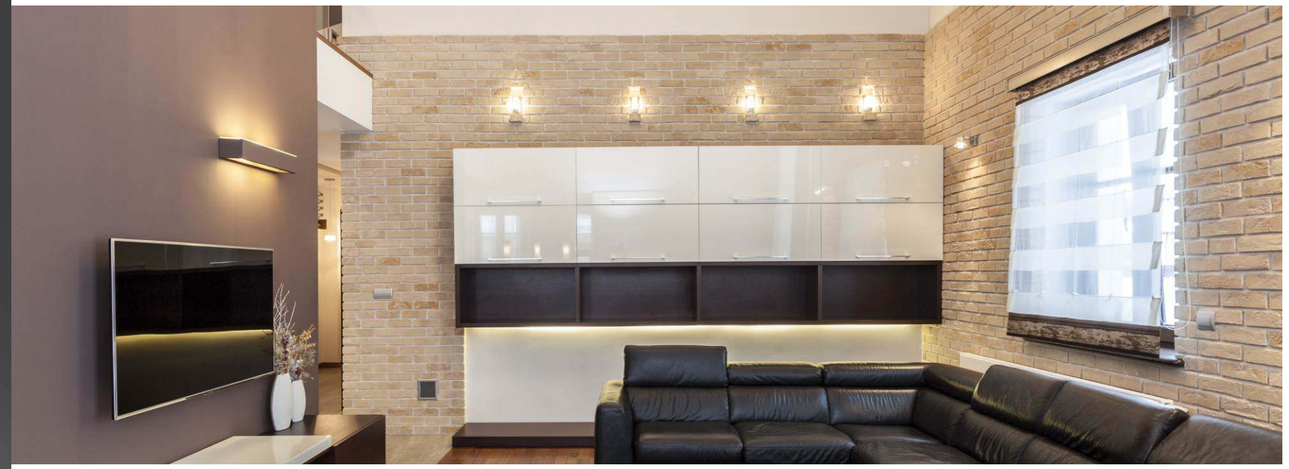
Take complete control over your home by managing energy consumption, HVAC, lighting, and security in a minimalist user friendly package.

All GUI examples shown are subject to change, due to the HDL continual improvement process.



Sentient Sleep State

When the energy efficient screen is not in use a sleep mode will activate, awakening only when a user approaches.



Detailed Display

As eye catching as it is practical the multi touch capacitive display responds instantly, allowing every detail on the screen to be clearly seen.

To ensure readability in low light environments, the screen also boasts a customisable backlight capable of automatic activation.

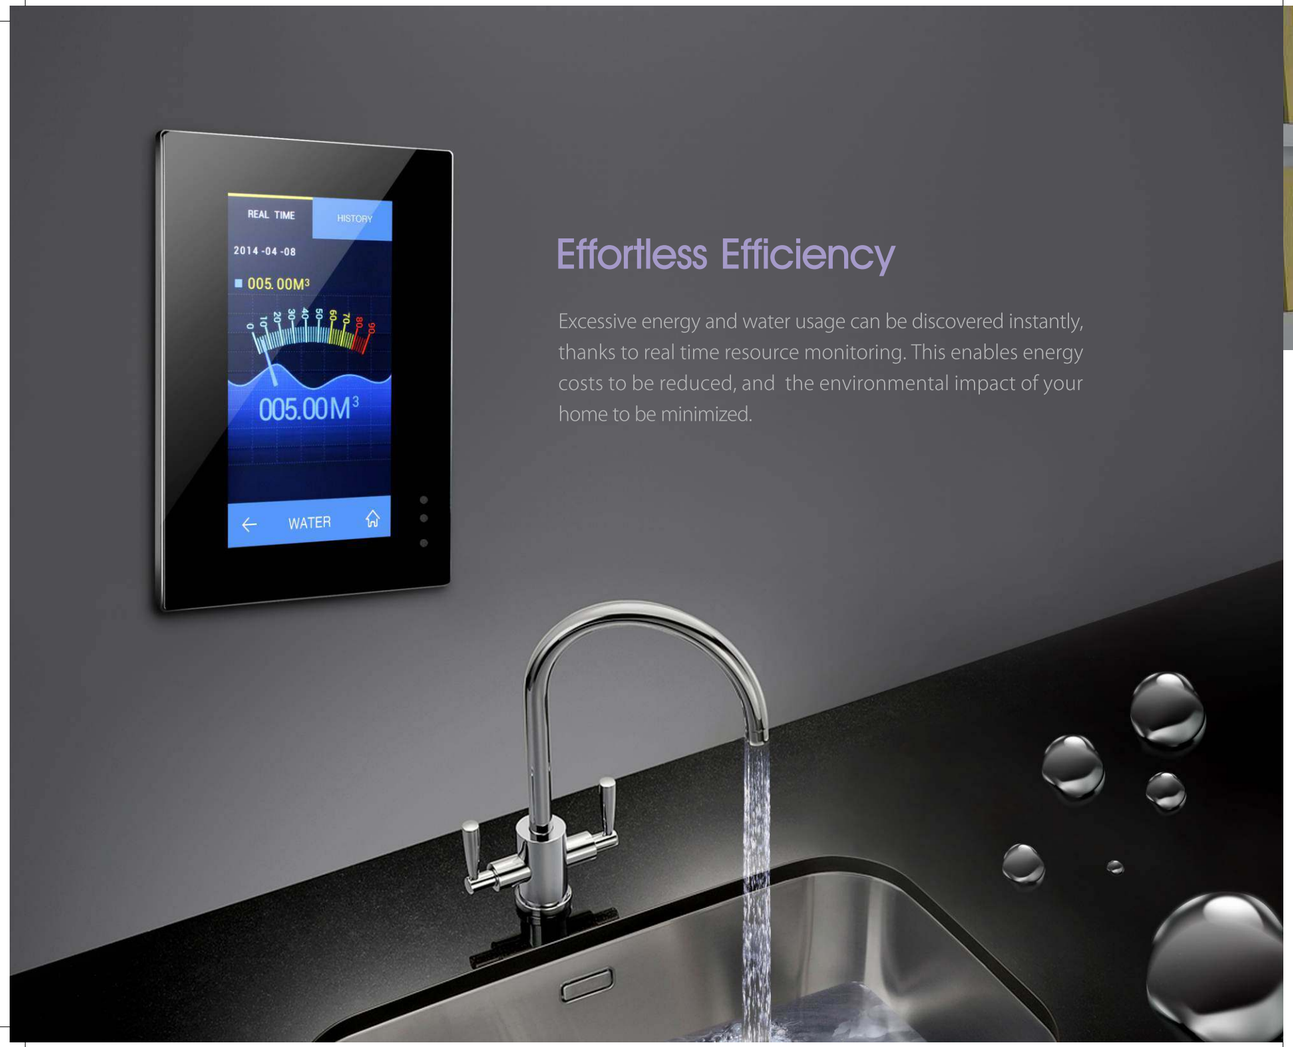
Individualized Icons

Screen customization allows icons to be changed, or custom icons uploaded, so you know exactly what is being controlled.

Customized Iconography

Completely Customizable

A fully customizable colour screen can be adjusted to suit any style or decoration. From deep luscious reds to cool creams, the panel can work in harmony with your existing interior.



Effortless Efficiency

Excessive energy and water usage can be discovered instantly, thanks to real time resource monitoring. This enables energy costs to be reduced, and the environmental impact of your home to be minimized.

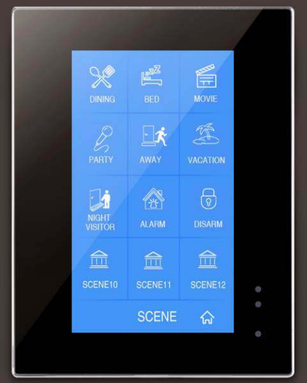
Complete Control

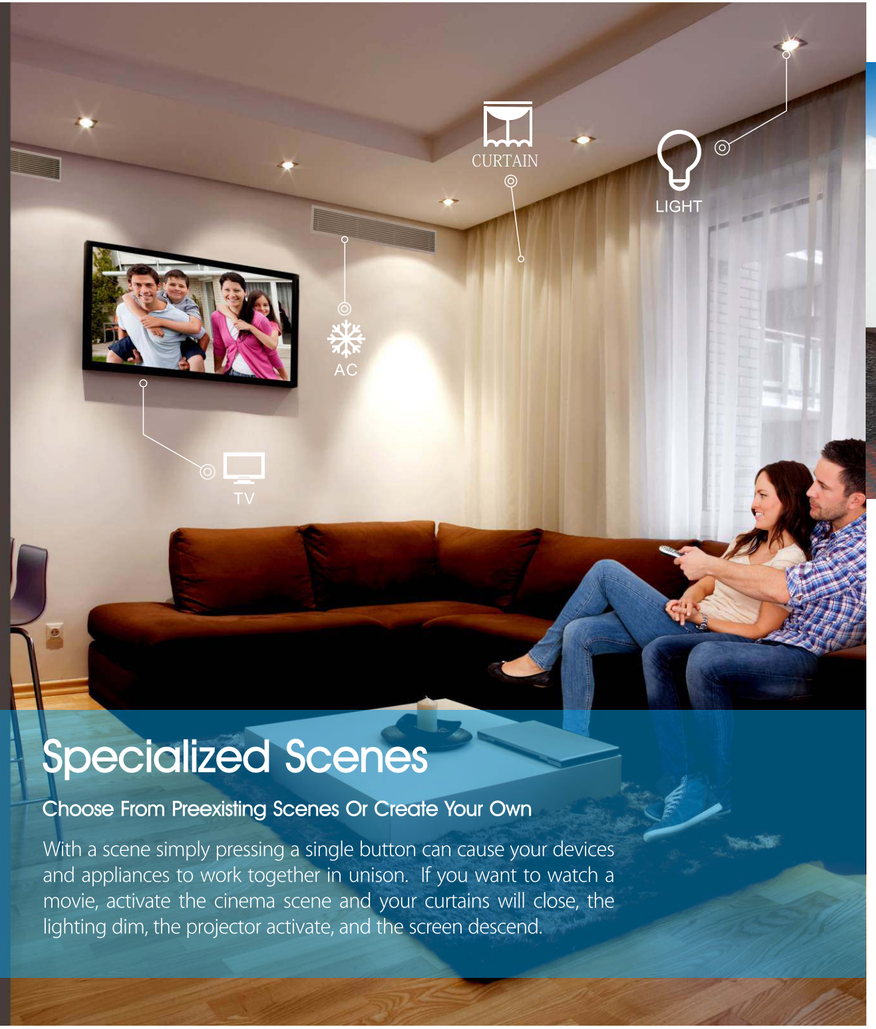
Total control over your every appliance and electrical system is available through a single Enviro Panel. From lighting, curtains, music, scenes, sensors, timers, to air conditioning, floor heating, and security solutions you can know exactly what feature or appliance is being used, and instantly take control.

LIGHT AC CURTAIN HEAT MUSIC SCENES SENSOR METER TIMING ARM SETUP TIME

Multiple Control Targets

- **Lighting control:** 6 pages with 9 targets per page
- **Curtain control:** 5 pages with 4 targets per page
- **Blind control:** 1 page with 2 targets per page
- **Air conditioning control:** 9 pages with 9 targets per page
- **Floor heating control:** 9 pages with 9 targets per page
- **Audio control:** 9 pages with 9 targets per page
- **Scene control:** 2 pages with each page supporting 12 scenes
- **Security:** 6 security modes





Specialized Scenes

Choose From Preexisting Scenes Or Create Your Own

With a scene simply pressing a single button can cause your devices and appliances to work together in unison. If you want to watch a movie, activate the cinema scene and your curtains will close, the lighting dim, the projector activate, and the screen descend.

Superb Security

Turn your home into a castle, and safeguard your loved ones with industry leading protection. Multiple security modes are available to suit any situation, giving you peace of mind and a good night's sleep.
